Dear Sameer Saawan,

We are delighted to inform you that you have been selected as a Finalist at the upcoming Initiative for Research and Innovation in STEM (IRIS) National Fair 2024-25.

This achievement demonstrates your commitment to expanding knowledge and using your research to make a beneficial impact. Your unique thinking and dedication to scientific inquiry stood out from a very competitive pool of applications.

We look forward to you showcasing your project “**A NOVEL BLOCK-CHAIN BASED ENERGY ANTI-THEFT SYSTEM ADVANCED WITH GRAPH THEORY AND MACHINE LEARNING ALGORITHM FOR REAL-TIME ANOMALY DETECTION**” at IRIS National Fair 2024-25 and sharing your insights with the broader scientific community.

Please stay tuned for further details regarding the Fair, including schedules, guidelines, and additional information.

Once again, congratulations on this well-deserved achievement!

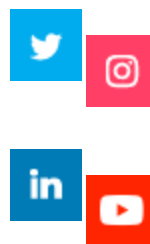

Regards,
Team IRIS Fair
